

Dance Fusion
Parent Contract

- * I will drive my child to class on time, or make sure they leave with enough time to arrive to class on time.
- * I will show positive support and encouragement for my dancer, even if my perspective doesn't match that of the coach or judges at any event.
- * I will pay my dues on time, on or before the 10th of each month. There will be a late fee of \$10 added to any late account, starting in October. (Unless prior notification and approval is given)
- * I will pay for costume fee in full by the 3rd week of November.
(Unless other arrangements have been approved by Michelle.)
- * I will encourage my dancer to follow the guidelines found in their contract.
- * I will encourage my dancer(s) to be respectful at all times, to coach, helpers, and all teammates.
- * I will encourage team work in my words and actions.
- * I will let Michelle know in advance if there is an issue with time, other shows, or other issues.
- * If my child misses any major practices (ie. choreography days, any practice within two weeks of a competition, etc.) Michelle, or the coach, has the right to rearrange the routine and have my child taken out of the routine.
- * I will help clean up costumes after they have been worn. (If everyone helps, or if we all take turns to do our part, clean up goes really fast. Then we don't have the same few people doing everything for everyone else) With the amount of costumes we have, team work is a must!
- * I will be willing to put up to 10 hours of volunteer time in where needed, with costumes, with back stage help, etc.
- * I will make sure competition dues are turned in on time. It is not Michelle's responsibility to cover my fees.
- * If there is a miscommunication between Michelle and myself, I will handle it appropriately and speak with Michelle directly, and not make a public scene. I will not vent and cause contention or trouble with other parents. If I choose not to behave in a positive manner, I understand that Michelle has every right to invite my dancer to longer participate.
- * If there is something I don't understand that Michelle does with how she chooses to run her studio, I will ask her and not bring negativity into her program.

I commit to Dance Fusion, Michelle Summers, other coaches, and my child(ren). I fully understand that the actions I have, and the words I express, need to contribute to the success of the team.
