

Dance Fusion
Parent Contract
2024-2025

- * I will drive my child to class on time, or make sure they leave with enough time to arrive to class on time.
- * I will show positive support and encouragement for my dancer, even if my perspective doesn't match that of the coach or judges at any event.
- * I will pay my dues on time, on or before the 10th of each month. There will be a late fee of \$25 added to any late account, starting in October.
- * I will follow thru and pay for costume fee in full.
- * I will encourage my dancer to follow the guidelines found in their contract.
- * I will encourage my dancer(s) to be respectful at all times, to coach, helpers, and all teammates.
- * I will encourage team work in my words and actions.
- * I will let Michelle know in advance if there is an issue with time, other shows, or other issues.
- * If my child misses any major practices (ie. choreography days, any practice within two weeks of a competition, etc.) Michelle, or Kayla, has the right to rearrange the routine and have my child taken out of the routine.
- * I will help clean up costumes after they have been worn.
- * I will make sure competition dues are turned in on time. It is not Michelle's responsibility to cover my fees.
- * If there is a miscommunication between Michelle and myself, I will handle it appropriately and speak with Michelle directly, and not make a public scene. I will not vent and cause contention or trouble with other parents. If I choose not to behave in a positive manner, I understand that Michelle has every right to invite my dancer to longer participate.
- * If there is something I don't understand that Michelle does with how she chooses to run her studio, I will ask her and not bring negativity into her program.
- * If I pull my child out of this program before the season ends, there will be a \$250 inconvenience fee as the entire team will have to relearn formations and any other changes needed.

I commit to Dance Fusion, Michelle Summers, other coaches, and my child(ren). I fully understand that the actions I have, and the words I express, need to contribute to the success of the team.
