

Dear Parents and Students:

This year we will be learning multiple dances. Coaches will teach students correct technique which will help control their bodies and help prevent any injuries. However, there is always a possibility of injury. All dancers will practice, perform, and compete and their own risk. If there is by chance an accident, Coaches will not be held reliable, or any guest coach I have helping. You, the parent or guardian of the dancer, will be responsible for any medical bills associated with the injury to your child.

Before your child can participate in any dance class taught here, under the direction of Michelle Summers, both parent and student must sign this agreement and return to Michelle Summers.

Thank you,
Michelle Summers

We, _____, the parent(s) of _____, are aware that our minor child is dancing with Dance Fusion under the direction of Michelle Summers. We are aware that during the year injury may occur at any time. We release Michelle Summers, and any other guest teacher or coach, of any financial responsibility should an injury occur in practice, performance, or competition. We understand that the dancers participate at their own risk.
